

HYCON Hydraulic Powerpack HPP13 POR

Technical Data

Oil flow, l.p.m.	1x20 or 1x30
Max. pressure, bar	150
Engine	Honda 13 HP petrol
POR/adjustable	POR
Starter	Recoil
Weight, kg	81
Noise level 1 m L_{PA} dB	89
Noise level L_{WA} dB	101

HYCON FACTS

HYCON HPP13 POR is an alternative to the HPP13 FLEX. It is available as both 1x20 l.p.m. or 1x30 l.p.m. model.

It is mostly used by operators working with 30 l.p.m. breakers, who want automatic regulation of the performance - the HYCON POR system.

Like the HPP13 FLEX, HPP13 POR is also very compact and can be transported in any car. Like the other HYCON powerpacks, HPP13 POR has a simple design with few wearing parts, which ensures high performance and long life. All parts are easily accessible, and on this powerpack too, the entire drive unit can be lifted out in one piece to facilitate service.

Integrated oil alert on low engine oil level.

HYCON Hydraulic Powerpack HPP18V FLEX

Technical Data

Oil flow, l.p.m.	1x20-30-40
Max. pressure, bar	160
Engine	Vanguard 18 HP petrol
POR/adjustable	Adjustable
Starter	Recoil and electric
Weight, kg	105
Noise level 1 m L_{PA} dB	89
Noise level L_{WA} dB	101

HYCON FACTS

HYCON HPP18V FLEX features infinitely variable flow adjustment from 0 to 40 l.p.m. It is extremely popular among users of high-performance diamond tools for drilling and cutting concrete. They are users who often need the high performance and who want a strong, quality 40 l.p.m. powerpack. With its great flow range, the HPP18V FLEX can operate all tools - it is typically used for cut-off saws $\varnothing 400/\varnothing 450$ mm, diamond chain saws, Partner saws and other 40 l.p.m. tools.

HPP18V FLEX has both electric and recoil start, so you can start it even with a dead battery.

The HPP18V FLEX is the best 40 l.p.m. powerpack on the market.

HYCON Hydraulic Powerpack HPP18V MULTIFLEX

Technical Data

Oil flow, l.p.m.	1x10-15-20-30-40
	2x10-15-20
Max. pressure, bar	160
Engine	Vanguard 18 HP petrol
POR/adjustable	Adjustable
Starter	Recoil and electric
Weight, kg	112
Noise level 1 m L_{PA} dB	89
Noise level L_{WA} dB	101

HYCON FACTS

HYCON HPP18V MULTIFLEX is the big brother in the FLEXLINE series of powerpacks. It is intended for simultaneous operation of 2 tools.

MULTI means many. This powerpack has the most different flow settings on the market. No other features as much as 8 different flows: 1x10-15-20-30-40 and 2x10-15-20 l.p.m.

In other words: MULTIFLEX can operate any tool! With its low weight and compact measures it can be transported in any van. 2 persons can easily lift it.

First quality components ensure many hours of smooth operation. With both electric and recoil start it can be started, even if the battery is dead.
